

Holy Spirit School Wins STEM Competition

Holy Spirit School won 1st place in the 2019 STEM Competition at Roselle Catholic High School on Thursday, January 24th as the HSS team engineered the winning roller coaster/loop de loop. The winning team (see the picture) was comprised of the following students: (left to right back) Sophia Restrepo (grade 6), Issac Silvestre (grade 7), Laura Molina (grade 7), Rebecca Koenemund (grade 7), Sofia Varino (grade 8), (center front) Natalia Fazio (grade 6).

A second team of HSS students also competed: Maya Mickens (grade 7), Yarema Folk (grade 6), Madison Malaga (grade 7), Amanda Polynice (grade 6), Rick Chilquillo (grade 8), and Kayla Hao Cuenco (grade 8). Although this team did not come away with a trophy, they competed strongly against a competitive field.

Congratulations to the winning team, and all who competed. Mr. Marc D'Antonio (HSS 7th grade homeroom/middle school math & science teacher), and Mr. Paul Hirsch (HSS 6th grade homeroom/technology integration specialist/middle school social studies & religion teacher) were the teacher advisors/coordinators for the students who participated in the STEM competition.
